

## Equity and Inclusion Resources:

to assist therapeutic courts in promoting equitable, responsive access, outcomes, and services

### All Rise: [Adult Treatment Court Best Practice Standards](#)

#### Standard II: Equity and Inclusion

*“All persons meeting evidence-based eligibility criteria for treatment court receive the same opportunity to participate and succeed in the program regardless of their sociodemographic characteristics or sociocultural identity, including but not limited to their race, ethnicity, sex, gender identity, sexual orientation, age, socioeconomic status, national origin, native language, religion, cultural practices, and physical, medical, or other conditions. The treatment court team continually monitors program operations for evidence of cultural disparities in program access, service provision, or outcomes, takes corrective measures to eliminate identified disparities, and evaluates the effects of the corrective measures.” (p. 32)*

## Therapeutic Court Specific

### 1. [Adult Treatment Court Best Practice Standards](#) (All Rise)

[Standard II: Equity and Inclusion](#) (p. 32-53) emphasizes:

- a) Staff Diversity
- b) Staff Training
- c) Equity Monitoring
- d) Cultural Outreach
- e) Equitable Admissions
- f) Equitable Treatment and Complementary Services
- g) Equitable Incentives, Sanctions, and Dispositions
- h) Fines, Fees, and Costs

### 2. [Equity and Inclusion Toolkit](#) (All Rise)

### 3. [Identifying and Rectifying Racial, Ethnic, and Gender Disparities in Treatment Courts](#) (Journal for Advancing Justice – Volume I)

### 4. Assessment Tools for Therapeutic Courts:

- a. [Brief: Racial and Ethnic Disparities \(RED\) in Treatment Courts](#)
- b. [Racial and Ethnic Disparities Resources](#)
- c. [Guide for Initial Consideration](#)
- d. [RED \(Racial and Ethnic Disparity\) Program Assessment Tool for Treatment Courts](#)
- e. [An Overview of the RED Tool](#)
- f. [RED Tool Tutorial](#)

### 5. [Podcast: It’s all about relationships: Drug Courts – what are they and how do they work?](#)

*Part 2 of 2: Dr. John Gallagher discusses racial disparities in drug court outcomes. He identifies four themes from his qualitative research with Black/African American drug court participants.*

## Identity, Inclusion & Cultural Responsiveness

6. [Identity and Cultural Dimensions \(NAMI\)](#):
  - a. [Asian American, Native Hawaiian, Pacific Islander](#)
  - b. [Black/African American](#)
  - c. [Hispanic/Latinx](#)
  - d. [Indigenous/Native American](#)
  - e. [LGBTQ+](#) (Lesbian, Gay, Bisexual, Transgender, Queer, Questioning, Intersexed)
